

**ADDENDUM TO KNIGHT DIRECT
MARKET ACCESS TRADING SYSTEM AGREEMENT
FOR FUTURES TRADING**

WHEREAS the undersigned hereby amend the Knight Direct Market Access Trading System Agreement (the "Agreement") dated _____ between Direct Trading Institutional, L.P. ("DTI") and _____ ("Subscriber") (the "Addendum").

NOW THEREFORE, in consideration of the mutual covenants hereinafter set forth and other good and valuable consideration the receipt of which is hereby acknowledged, the parties hereto hereby agree as follows:

- A. This Addendum provides for the use of the System, Software and Information for the routing of orders for futures, options on futures, and commodity options to futures exchanges (each individually an "Exchange" and collectively the "Exchanges").
- B. Subscriber acknowledges and agrees that the System, Software and Information is limited to the front-end system and DTI is not responsible for specific linkages to any Exchange, whether such linkages are provided by the Futures Commission Merchant that carries Subscriber's futures trading account (or accounts) ("FCM"), a third party vendor or the applicable Exchange.
- C. Subscriber acknowledges and agrees that it is responsible for making appropriate arrangements through its FCM to link to an Exchange and obtain market data from that Exchange that is displayed on the System in connection with trading on the Exchange. To the extent Information is market data or other information from any Exchange, DTI disclaims any and all responsibility to provide such information and such obligation is the responsibility of the Subscriber and/or its FCM.
- D. Subscriber agrees to provide DTI with at least five (5) business day's advance written before linking to an Exchange. DTI may in its reasonable business judgment disallow Subscriber's use of the System, Software and Information to link to a particular Exchange.
- E. Subscriber agrees to comply with all requirements imposed by its FCM or an applicable Exchange to which it is linked with respect to trading on that Exchange and to Subscriber's use of market data from that Exchange.
- F. DTI shall not be liable for any system failure or other technical problem of or linkages to an Exchange's systems, including trading systems. Subscriber should refer to the applicable Exchange's liability rules and disclaimer language.
- G. Notwithstanding anything to the contrary contained in the Agreement, DTI, as the Introducing Broker ("IB") for Subscriber's account(s) at the FCM, reserves the right to monitor Subscriber's trading on any Exchange and reject or cancel orders or enter offsetting orders.

- H. In addition to pre-execution controls in place between Subscriber and its carrying FCM, DTI, as the IB for Subscriber's account(s) at the FCM, reserves the right to impose and enforce pre-execution trading controls on Subscriber through its use of the System as necessary for DTI's protection and interest.
- I. The mandatory arbitration provisions contained in the Agreement shall not apply regarding issues related to the use of the System, Information or Software for futures pursuant to this Addendum.
- J. Notwithstanding anything contained herein; all other terms and conditions of the Agreement shall remain the same and in full force and effect. In the event of a conflict between this Addendum and the Agreement, the terms of this Addendum shall supersede the Agreement. This Addendum supplements any agreement between DTI and Subscriber relating to Subscriber's futures trading or account(s) at its FCM. In the event of a conflict between this Addendum and any such other agreement, the terms of this Addendum shall supersede the other agreement. This Addendum may be executed in one or more counterparts (including facsimile counterparts), each of which shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

Agreed to and executed this ___ day of _____, 200__.
